Dear Sirs

Proposed Lidl Foodstore – Victoria Road Woolston

I am writing with regard to the above store. I am pleased that the construction of the store so far is moving on a pace. The disruption to the area thus far has been minimal, considering the scale of your project.

I have written a number of times previously in support of your application and encouraged my friends to do so as well. When I attended the council meeting together with my friend to add weight of positive opinion to your request I was relieved that the permission sought was received positively.

As a pensioner I look forward to the store opening, hopefully in February, to be able to enjoy shopping again, cementing independence, creating employment and promoting community. Thank you for seeing the potential in Woolston.

Yours faithfully,

M. Wilkins

Dear Sir/Madam,

Proposed Lidl Foodstore – Victoria Road, Woolston

Thank you for maintaining the continued construction of the new store in Woolston. It is progressing well from what little I can see and I am excited by the prospect of shopping there in February, if all goes to plan.

It is encouraging as a resident of this area that seemingly small positive actions, such as writing several letters and attending a council meeting has brought great results. It does my heart good to know that sometimes people can make a difference for the better for their community.

So all it remains for me to do is wait, all be it a bit impatiently, for the store to be officially opened.

Yours sincerely

Mrs M Jack

To whom it may concern,

Lidl Foodstore – Victoria Road, Woolston

Further to my previous correspondence, I am writing to let you know how well the construction of the Woolston store is progressing. I look forward to being able to shop for myself at my convenience. I suspect that many other older residents in this area will feel the same as I do. It will ensure independence and well being for the for older people.

Thank you in anticipation and I look forward to the store opening in the very near future.

Yours sincerely

J Comerford Esq
